

## Payment Process in Rental Transactions with VidalMarin Abogados

When engaging VidalMarin Abogados for rental transactions, the payment process is structured to ensure clarity and transparency for all parties involved. The stages of payment are as follows:

### 1. Reservation Contract (Contrato de Arras)

- At the reservation stage, the prospective tenant will transfer 300 EUR to the VidalMarin Abogados bank account.
- This amount will be distributed as follows: 50% will be transferred to the landlord and the remaining 50% will be retained by VidalMarin Abogados, including applicable VAT, to partpay agency commission.

### 2. Signing of the Tenancy Agreement

- At the moment of signing the tenancy agreement, the tenant will proceed with the following payments:
  - The security deposit, as stipulated by law, to the landlord's bank account.
  - The first month's rent, also to the landlord's bank account.
  - The remaining agency fees to the VidalMarin Abogados bank account.

All of these obligations, including payment amounts, recipients, and timing, will be expressly detailed within the tenancy agreement to avoid any uncertainty. VidalMarin Abogados will ensure proper coordination between the parties so that each payment is correctly allocated and documented.
